

The following guarantees for the waterproof membranes supplied by EDS Roofing Supplies (Midlands) Limited are available based upon the following criteria: -

10/15/20 year Manufacturer's Guarantee for roofs in excess of 50M<sup>2</sup>

This type of warranty is only available when Novaglass waterproof membranes are installed to roofs in excess of 50M<sup>2</sup> and where the installing roofing company is a **JIGSAW** Approved Contractor prior to the installation of the Novaglass waterproofing membranes.

The warranty covers the waterproofing properties of the product as manufactured by Novaglass that have arisen due to a defect during the manufacturing process of the product(s).

A warranty is issued by Novaglass on receipt of a completed guarantee request form and copy invoices for the products stated on the guarantee request form, in those instances as and when required by Novaglass and prior to the issuing of a warranty, the roof where the products have been installed will be inspected (all inspections are subject to an inspection fee).

**JIGSAW Third Party Material & Workmanship Cross-Guarantee** bringing Property Owner – Roofing Contractor – Supplier – Manufacturer together to make the link between all complete. A guarantee for all guaranteed by all.

10/15/20 year Material and Workmanship Guarantee for roofs irrespective of size of roof area.

This type of guarantee is available when a **JIGSAW** Approved Contractor installs any waterproof membranes and or insulation products as included in the **JIGSAW** guarantee scheme (including those manufactured under the brands of Novaglass, EDS Waterproof Membranes and TecnoNicol Italia).

A no cost guarantee, the **JIGSAW** guarantee brings together all the applicable parties to a guarantee in one independent document ensuring a property's roof is sensibly protected. A guarantee is issued by **JIGSAW** upon receipt of a completed guarantee request form and copy invoices for the products stated on the guarantee request form.

10 year Material Guarantee Card for roofs irrespective of size of roof area.

This type of guarantee is available when any roofing company or individual installs waterproof membranes and insulation products as manufactured by the waterproof membrane manufacturers represented in the UK by EDS Roofing Supplies or waterproof membrane products manufactured especially for EDS Roofing Supplies by a third party.

The guarantee covers only the replacement cost of the waterproof membranes and insulation products if the products fail to perform as expected due to a fault during their manufacturing process. This is a self-issue guarantee where the roofing company or individual installing the products completes the guarantee card upon completion of the roofing works, the completed guarantee card is then given directly to the property owner. The property owner is responsible for sending the appropriate part of the guarantee card to EDS Roofing Supplies.

Only the following PRODUCTS are acceptable for use in the applicable type of guarantee

Only available for **JIGSAW** Approved Contractors

Available to any Contractor
